

TRAINWRECK EXPRESS BOARDS SHOWING CAPACITOR OUTER FOIL ORIENTATION (FOR LOWEST NOISE)

- 1) All parts and boards are to scale and can be used as a template for DIY.
- 2) Orange Drop capacitors are actual size based on CDE Mallory PVC6xxx series polyester film foil capacitors used in original Expresses.
- 3) Black line on signal caps indicates outer foil orientation.
- 4) Outer foil should be verified using an oscilloscope or other means of detection.

NON-TRADITIONAL EXPRESS TURRETBOARD WITH 0.25" CENTERS AND 0.125" TURRET HOLES

TRADITIONAL EXPRESS TURRETBOARD WITH 0.265" CENTERS AND 0.093" TURRET HOLES (8 HOLES x 35 HOLES)
